DELAWARE Manufactured Home Installation – Online Training

This course is a combination of online and CD training. You must have Internet access and a CD-ROM to take the course. When a student registers for the course, they are mailed a copy of the book, *Manufactured Home Installation Guide*, written by George Porter, and a CD that contains Delaware specific information on installation. In addition you will receive information on Delaware Regulations on manufactured home installation and instructions for applicants for licensure.

Registration fee for this course - \$195.00

Course Description

The industry's well-known trainer in the area of manufactured home installation, George Porter of Manufactured Housing Resources, has created this DELAWARE Manufactured Home Installation – Online Training program. With humor and simple (but comprehensive) explanations of the installation process, this course will take the installer from the first to the last step to installing a manufactured home.

The course contains lively audio, plentiful photo examples, and video demonstrating various aspects of the home installation process. Many of the topics covered are listed below:

- High Tech Factory Built Housing Deserves High Tech Installation
- Principles of Load-Bearing Capacity
- The Importance of Proper Site Preparation
- Planning Your Route to the Home Site
- How to Correct and Prevent Drainage Problems
- Soil Testing
- Determining the Proper Footings and Piers
- Stabilizing or Anchoring Systems
- Using the Wind Zone Map, Roof Load Map and U/O Value Zone Map
- Information on the Data Plate
- Reading Installation Manual Charts
- The Importance of Proper Ventilation
- Proper Installation of Ductwork
- Proper Support of Marriage Line Openings
- Side-Wall Weight – Consideration of Homeowner Possessions
- Planning for Moving the Home Onto Its Foundation
- Closing and Securing Multi-Section Homes
- Leveling the Home
- Symptoms of Installation Problems
- Connecting the Home to Utilities and Appliances
- Proper Installation of Add-Ons
- Safety Considerations for the Installer

To register online and pay by credit card go to <http://mhei.iccacceleration.com> and register as a student on the site. Then login to the site and click on “Available Courses” and select the “DELAWARE Manufactured Home Installation Online Training” course.
