

The Manufactured Housing Institute (MHI) is the only national trade organization representing all segments of the manufactured housing industry. Our members produce over 85% of the manufactured homes built each year.

Join MHI as we:

➤ ADVOCATE

- Recognized as an impactful leader on Capitol Hill with a strong federal policy voice for all parts of the industry.
- \$40 Million in savings for the industry in fees and tariffs.
- MHI-PAC dollars go further together, giving our industry a more powerful voice.

➤ CONNECT

- Attend five annual events to learn and build relationships including the largest industry professional networking show – Congress & Expo.
- Save money on registration, sponsorship and exhibiting fees.
- Continuous news and information on current industry trends including regulatory, technical, statistical and financial issues.

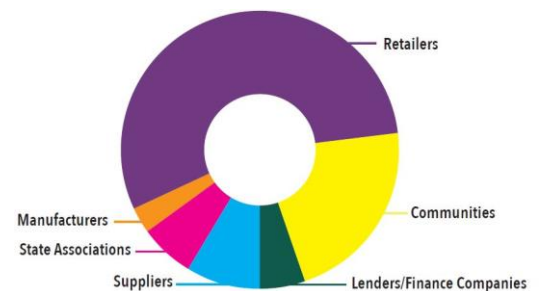

➤ EDUCATE

- Ongoing access to career development through certifications, training and programs for MH professionals.
- Receive monthly email of statistics on trends in housing economics.
- Industry certifications provide credibility among MH professionals and other MHI members.

➤ ENGAGE

- Be a part of over 800 members from all segments of the manufactured housing industry.
- Access members-only content through the MHI website including production reports, directories, etc.
- Member driven councils and divisions working toward change and growth in the industry.

Become a part of MHI as we *Shape the Future and Build for Tomorrow.*
