POLICY POSITIONS

Wants to increase teacher salaries

- Calls attention to academic results in Alabama, noting that Alabama ranks below national averages in reading and math proficiencies at certain grade levels, and calls for investments in Alabama school resources, particularly to assist Black and Latino students; vows to be an advocate for increased teacher salaries, believing that Alabama must recruit and retain high quality teachers

Supports small businesses and financial technology

- Supports programs that would assist and attract small businesses in Alabama's 2nd District, such as expanding broadband services and offering tax incentives and sustainable resources for business owners; figures is in favor of cryptocurrency and other digital assets, stating on his campaign website that they can "stimulate innovation and technological advancement"

POLICY POSITIONS

Seeks to expand use of Alaskan resources, while ensuring nonrenewable resources like timber and fish are harvested only at sustainable levels

- Supports an "all-of-the-above" approach to energy development; calls for Alaskan resources such as oil and gas to be developed to bolster the state's economy and drive US manufacturing developments; wants to reform permitting processes for mining in Alaska, citing the state's quantities of "rare earths, critical minerals, base metals, and precious metals" on his campaign website

Supports continued Trump-era tax cuts and unlocking Alaska's natural resources to fuel the economy

- If elected, Begich wants to use Alaska's natural resources to bolster the state's economy and fuel the US, especially with oil and natural gas; supports an extension of Trump-era tax cuts, set by the 2017 Tax Cuts and Jobs Act

[Read the full profile on Almanac+](#)

POLICY POSITIONS

Proposes a slew of legislative ideas to reduce the financial burden on the middle and lower classes

- Blames higher energy costs on the consistent need of maintenance for energy infrastructure; proposes a federal program that would finance solar panel or heat pump installations that would allow homeowners to save money on energy by producing their own; calls for reduced tariffs, believing that the real losers of trade conflicts are the consumers who are forced to pay higher prices

Has legislative plans to address high rent and low housing supply

- States that rent is too high for California residents, and proposes converting empty commercial buildings into apartments and using federal funding through tax credits to help finance building conversion projects; backs a federal program that would assist middle class homeowners install accessory dwelling units or backyard homes that would become affordable rental housing

POLICY POSITIONS

Championed legal protections to abortion after the Dobbs decision

- Supported Proposition 1 to California's state Constitution in 2022, which protected access to abortions and contraceptives; rated 100% by Planned Parenthood, which advocates for abortion access

Supports expanding the federal government's role in reversing climate change

- Believes the government should focus on the "more mundane" aspects of climate change policy, including "addressing methane leaks, decarbonizing more difficult sectors like heavy duty transit, aviation, or cement and asphalt production"; Chair of the state Senate Natural Resources and Water Committee and a member of the Environmental Caucus; introduced legislation restricting corporate carbon emissions and banning offshore drilling

Backed legislation limiting firearm access and stricter background checks

- Cosponsored SB 253, requiring companies to demonstrate their level of "climate risk"; supported legislation banning teachers' pensions from investing in oil drilling companies; authored the "first law in the country to enact the '30 by 30,'" which aims to protect 30% of open spaces in the country by 2030

[Read the full profile on Almanac+](#)

POLICY POSITIONS

More moderate than other GOP candidates but agrees on necessity of reform

- Backed the failed bipartisan immigration bill which would have added more border agents and detection technologies; although claims amendments would have been needed; opposes mass deportations but supports smaller-scale deportations of violent criminals who are undocumented immigrants

Grow energy resources and conserve water

- Supports the 1922 Colorado River Compact, holding other states accountable for improperly using water; opposes exporting water resources out of the district

Bring down through deregulation

- Advocates for lower housing costs by reducing tariffs on lumber and steel; wants to make federal building permitting easier; backs policy to expand the housing supply through tax incentives; wants to address the root cause of rising food prices

POLICY POSITIONS

Wants to secure southern border and strengthen immigration

- Blames President Biden and Democrats for the current state of the southern border; considers the situation to be "an existential threat to America's sovereignty and national security"; wants stricter border restrictions in order to prevent the flow of crime and illegal drugs into the US

Promises to cut taxes for middle-class

- Blames President Biden for "runaway reckless spending, anti-American energy policies, and high prices at the gas station and grocery store"; if elected as a member of Congress, Jack promises to institute policies that promote economic growth; wants to cut taxes for the middle class and promote American oil and natural gas

Supports digital innovation

- Wants to create "common sense guidelines" for blockchain technology; believes we should embrace technological innovation

POLICY POSITIONS

Worried about rising federal debt and government overreach

- Called high government spending "the biggest threat to the American dream"; promised to fix a "broken" tax system and severely cut back federal spending; voted against additional legislation enshrining animal welfare standards; voted in favor of barring the Environmental Protection Agency from enacting environmental regulations

Intent on upholding US commitments abroad and reforming US immigration policy

- During his time as a representative, Stutzman made diplomatic visits to Lithuania, Romania, Israel, Jordan, Georgia, and Germany; voted against removing troops from Afghanistan in 2011 Believes US immigration policy should create a "high wall and a wide gate;" described finishing the southern border wall and combating drug trafficking as his "top priority"

Anti-abortion and opposes federal involvement in education

- Sponsored multiple laws limiting access to abortions; believes both state and federal governments should enact more restrictive abortion legislation; denounced Common Core standards, which aim to make education more nationally uniform; voted in favor of federal vouchers to private and religious schools

[Read the full profile on Almanac+](#)

POLICY POSITIONS

Hopes to address the root causes of crime

- Addressing crime in Indianapolis was a central issue to Shreve's 2023 mayoral run, explaining that "the number one fix ahead of a Shreve administration, is turning the trend line of urban violence"; supported stricter gun control, causing the NRA's Political Victory Fund to give him an "F" rating

Wants continued support for Israel

- Shreve believes that Hamas should be "eliminated," seeing Israel as a powerful ally to the United States; believes the US should continue to provide aid to Israel and work to free the Israeli hostages

Does not believe the US should be supporting Ukraine alone

- Shreve supports Ukraine but wants to ensure that American troops are not sent to the region to fight; believes that the US should not support Ukraine alone, asking Europe to "step up and address the matter of the continent"

[Read the full profile on Almanac+](#)

POLICY POSITIONS

A fiscal conservative, Schmidt favors lower taxes and limited public assistance

- Signed the American Tax Reform's Taxpayer Protection pledge to commit to voting against increases in income taxes while serving in Congress; proposed a "Retire Tax Free" plan that would eliminate state income tax on retirement benefits like Social Security and pensions and various types of retirement plans

Opposes efforts by the federal government to regulate greenhouse gas emissions

- Challenged multiple Biden and Obama Administration efforts to mitigate climate change through executive actions with fellow Republican attorney generals; worked with Iowa Attorney General Tom Miller (R-IA) to request EPA approval for E15 fuel, which is usually banned in the summer due to air pollution concerns

Holds conservative views on abortion, Second Amendment rights, and LGBTQ+ issues

- Seeks to reinstate anti-abortion laws that were previously struck down by courts, such as a ban on the dilation and evacuation (D&E) abortion procedure, which is common for second-trimester abortions; a proponent of a textualist interpretation of the Second Amendment, Schmidt filed a brief in favor of a firearms association's challenge to New York's proper-cause requirement for firearm carrying outside one's home; in 2022, the Supreme Court overturned that requirement in New York State Rifle & Pistol Association, Inc. v. Bruen

POLICY POSITIONS

Highlights abortion access, gun control, and voting rights

- Advocates for heightened gun control measures, such as universal background checks, red flag laws that prohibits dangerous individuals from owning firearms, and expanded access to mental health treatment; ardently pro-choice, Gillen aims to remove obstacles to abortion services and other family planning services

Supports affordable and accessible health care, including mental health care

- Favors allowing the government to negotiate drug prices through Medicare in order to lower the cost of prescription drugs; plans to push for expanded access to mental health resources

Garnered experience in effective budget management through her town supervisor role; aims to repeal the SALT cap

- Plans to push for repealing the state and local tax (SALT) deduction cap for New Yorkers, a federally-imposed limit of \$10,000 on the federal deduction for state and local taxes that is opposed by those in high-tax states like New York; critical of the Biden administration's Build Back Better legislation, believing it to be too partisan and ambitious to be politically viable

POLICY POSITIONS

Calls for voting and campaign finance reforms

- Would re-enact provisions in the Voting Rights Act, make Election Day a federal holiday, implement universal same-day voter registration, allow universal mail-in voting, and restore voting rights for individuals with certain convictions; calls for broad campaign finance reforms including prohibiting corporations from donating to political campaigns and strengthening disclosure requirements

Addresses trade agreements' impacts on workers, educational opportunities, and pro-union legislation

- Supports repealing trade deals that outsource US jobs; seeks to update the Trade Adjustment Assistance program, which aims to help workers displaced by trade agreements

Prioritizes drug pricing, Medicare, and abortion

- Plans to reduce prescription drug prices by facilitating government negotiation, setting a limit on out-of-pocket costs for the elderly, fixing prices for major drugs like insulin, and creating the Office of Drug Manufacturing to stabilize drug prices; pledges to expand Medicare coverage to include dental, hearing, and vision care; hopes to secure coverage for mental health services as well as services in rural areas

[Read the full profile on Almanac+](#)

POLICY POSITIONS

Supports restrictions on immigration and opponent of sanctuary cities

- Opposes sanctuary cities; led efforts to outlaw sanctuary cities in North Carolina, emphasizing the need to cooperate with federal immigration authorities; imposed voter identification laws to prevent noncitizens from voting; believes this will strengthen the electoral integrity of North Carolina voting

Advocates for cutting taxes to promote North Carolina business

- Played a crucial role in implementing significant tax cuts in North Carolina; policies aim to lower the personal income tax to 2.49% over the next five years, eventually eliminating the corporate income tax; measures are designed to make North Carolina more attractive to businesses and stimulate economic growth

Opposes late-stage abortion access

- Supports a 6-week ban on abortion; used his power as North Carolina House Speaker to advance restrictive abortion access legislation; has historically been endorsed by "pro-life" organizations such as Susan B. Anthony Pro-Life America; the group has credited Moore with saving "at least 3,000 lives a year from abortions at 12-weeks"

POLICY POSITIONS

Centerpiece of 2015 campaign

- Created Task Force on Equity which crafted "Rising Together" job program plan that recommended generating 20,000 jobs by 2022, primarily for low-wage workers; supports raising the minimum wage as a way of addressing income inequality in Houston, and signed executive order raising airport worker wages to \$12/hour by 2021

Greater attention post-Hurricane Harvey

- Launched disaster mitigation strategy that, in part, prioritized investments to improve resiliency including a plan for 100 new green storm water infrastructure projects in five years; worked to streamline permitting process on new wireless infrastructure projects to speed up 5G deployment and bridge digital divide in underserved communities

Shoring up city coffers and investing in tech

- Worked to address \$7.8 billion in unfunded pensions by lowering rates of return and negotiated cuts to COLAs and DROPs while having city issue pension obligation bonds to reduce unfunded liabilities; promotes city to tech industry, dubbed "Silicon Bayou", by creating innovation districts and courting businesses like Amazon to open tech hubs

POLICY POSITIONS

Supporter of Trump-era immigration policy and pursuing legal action to limit immigrants

- Opposes President Biden's immigration policies and supports tightening the borders, implementing merit-based immigration, hiring more immigration judges to make the legal system more effective, and reforming asylum laws to limit the number of asylum claims; to prevent more drug and human trafficking, Gill suggests naming the Mexican Drug Cartel an international terrorist organization

Advocates for economic growth through tax cuts and decreased government spending

- In response to the rise of inflation and cost of living, Gill supports decreasing taxes to stimulate economic growth; firmly believes in a balanced federal budget, maintained by a balanced budget amendment in the Constitution; plans to achieve a balanced budget through decreasing federal spending

Passionately defends conservative social views against opposition

- Cites his own gun ownership to advocate for protecting the Second Amendment and opposing gun control; aims to protect the well-being of children and teens by preventing gender-affirming care; strongly opposes gender-affirming surgery and abortion
